

What Do Our Students Think About Us?

Robyn Goyette

English Language & Literature instructor
B.A, M.A., University of Calgary

“I really enjoyed my lessons with Robyn! I really like working with her. It is my first time doing MYP but I improved a lot in my grades, I even got an 8/8 for Crit A. We are still working on my weaknesses, however, having a lesson with Robyn is worth doing. The 360 feedback is very detailed and reminds me of doing my homework. We went through things step by step which is like my working style, I like doing things organized. Her classes are exciting and interesting. To be honest, I still remembered what I learnt in my first lesson with her.”

- A.S., CIS, MYP English Student

“Robyn is a dedicated teacher who is enthusiastic and devoted to helping her students. With her experience as an Examiner, Robyn’s lessons are always tailored to exams. She helped me understand the examiners’ perspective when marking our exams and ways to structure our analysis to best gain the marks, crucial advice that I would not have known with regular teachers.”

-C.T.S, CIS, IB English SL Student

“I am writing in regards to my comments on English HL lessons with Robyn. My lessons with Robyn have been extremely helpful in terms of allowing me to understand what IB examiners are looking for, therefore allowing me to apply Robyn’s methods into my writing. Unlike other tutors, Robyn teaches me to approach writing papers more holistically, rather than specific to a certain text, which is very helpful. Furthermore, Robyn is very enthusiastic and inviting which makes me feel more confident in learning and applying new skills.”

-J.C, CIS, IB English HL Student

“This is a testimony to my lessons for Robyn. I started off at the start of the lesson with a weaker grade in my humanities course at school, and over the lessons, for example, I have learnt to craft an essay and to formulate a thesis, etc. Now I have evidently grown as a writer, and so did my grades improve.”

-S.S, HKIS, Pre-AP English

“Isabel said she enjoyed the lesson. She learnt a lot about analysing Paper 1 and how to structure her essays, hope Ms Robyn can help her to achieve further improvements.”

-Parent of IB English SL Student

“I believe that Robyn is very enthusiastic when she is teaching English. The comments and advice she provides in lessons are constructive and extremely useful to improve our skills in writing and analysis. I really appreciate her efforts outside of lesson time, especially when it comes to reviewing any work done in class, or homework. All in all, Robyn is a thoughtful and devoted tutor, and I would definitely recommend her to other students.”

-J.C., KGV, IB English Language and Literature SL Student

“I have been at Robyn’s English class for nearly a year now and I’ve seen so many improvements in my grades and my overall speaking and composing essays.”

-J.C, CDNIS, MYP English Student

“Robyn is an effective teacher, and she always prepares lesson materials before the lesson. She ensures I learn effectively and grasp the terms presented in class whether it be literary analysis or practice writings.”

-J.C., KGV, IGCSE English Language and World Literature Student
