## Student Reviews on Regina Ng

### **C.L., 2024 AP Econ Private Student, HKIS (Hong Kong)**

“My daughter said her AP Economics private lesson with Regina was good, she appreciated that they reviewed some fundamental aspects of micro and had an introduction to macro. She thinks it would be good to maintain a pace ahead of her school curriculum so she can learn the content beforehand.”

### **H.H. 2024 A-Level Econ Private Student, Cheltenham Ladies College (UK)**

“Great happy news! My daughter got an offer from U Chicago! You might know but U Chicago created a new application for students who joined summer school. She is now targeting A\* grades for her A-level subjects. Thank you very much for your support!!!”
