Student Reviews on Gary Keung

E.T., Parent of J.T., 2025 Student, CIS (Hong Kong)

University of Bristol (UK), University College London (UK), and The University of British Columbia (Canada)

"Gary has provided helpful advice to my son in relation to university choices. He is knowledgeable and has given positive and constructive feedback on personal statements. Really appreciate his assistance!"

Parent of A.H., 2024 Student, CDNIS (Hong Kong)

Hong Kong University of Science and Technology – Dual Degree Program in Technology & Management

"At our first meeting, Gary showed patience in explaining university application-related matters, sincerity in expressing his opinions, and politeness in serving this walk-in client. He gave us valuable, precious, and unbiased opinions and recommendations. After our enrollment and in the course of university essays consulting, Gary kept this attitude and even performed more than we had expected. He gave us the impression and perception that he is NOT a profit-oriented person, on the contrary, an education professional with passion. He always put our concerns and worries in the top priority. We absolutely have very good customer experience and are very satisfied with Gary and the consulting team."

Parent of E.A., 2024 Student, Trinity College School (Canada)

University of Bristol & University of Southampton

"My son received early conditional offers from all the UK universities that he applied for and we are all grateful with the outcome. Both University of Bristol and University of Southampton accepted him for his dream subject Motorsport Engineering! Gary paid attention to my son's academic achievements, ensuring he stayed on track, which alleviated a lot of our work and worries for me as a parent. This support was especially important as he was able to communicate with my son efficiently and effectively, providing him with proper guidance not only as a university consultant, but also as a personal counselor!"

The University of Hong Kong

"I have just received an offer of acceptance from the HKU Master of Global Management Programme. Thank you so much! I couldn't have done without you! I still can't believe I got in!"

E.H., 2022 Student, St. Michael University School (Canada)

University of Southern California

"I'm really grateful to have had Gary's guidance throughout the university admissions process. I will be attending University of Southern California this autumn and without him, I would have been lost and unable to keep up with deadlines. Without his perspective on my essays, I know I wouldn't have been accepted into as many universities."
